

SURGERY LIGHTS - LED

SINCE 1985

MODERN SURGIMENTS – SURGICAL LED LIGHT

Medical LED shadowless surgical & examination lighting systems

MODEL NO:
C604

Manufacturing:

Ceiling suspended and floor model high performance new LED surgical shadowless O.T. room lights

Replace dome alone:

Existing old O.T. light dome with new LED light dome

Repairing:

Repairs what is suggested

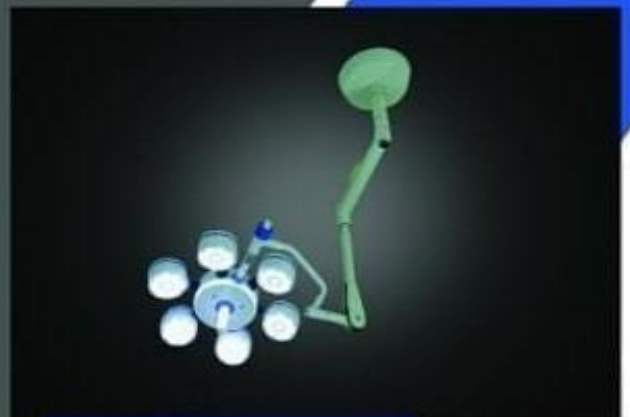

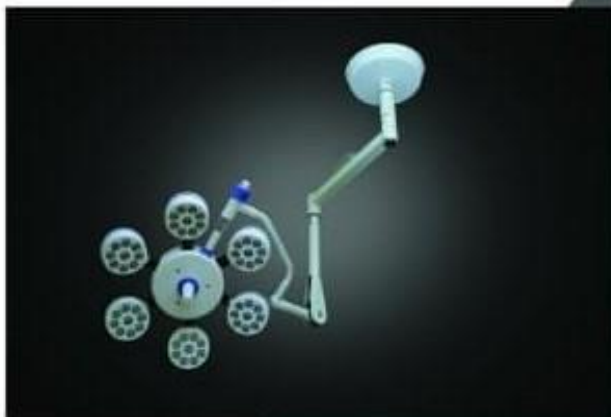

Spares:

Spares or refurb any parts of any O.T. lights

MODEL NO : C604

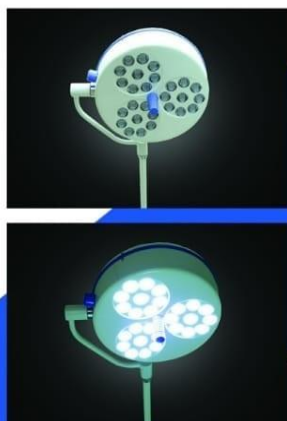

MODEL NO : C601

MODEL NO : C401

MEDICAL LED LIGHTS

MODEL NO : P301

MODEL NO : P101

MODEL & SPEC

- **MODEL NO : C604** (Dual light) – Ceiling suspended model double head LED shadow less surgical lamp. (90 LED)
- **MODEL NO : C601** (Single light) Ceiling suspended model single head major LED shadow less surgical lamp.(54 LED)
- **MODEL NO : C401** (Single light) Ceiling suspended model single head LED shadow less surgical lamp.(36 LED)
- **MODEL NO : P301** (Portable light) High performance LED operating shadow less surgical and examination floor lamp.(27 LED)
- **MODEL NO: P101** (Portable light) LED operating shadow less medical examination floor lamp.(9 LED)

Technical specifications :

MODEL NO: **C604** : 15 cm dia 6 units LED light dome +15 cm dia 4 units led light doms.

MODEL NO: **C601** : 15 cm dia 6 units LED light dome.

MODEL NO: **C401** : 15 cm dia 4 units LED light dome.

MODEL NO: **P301** : 33 cm dia dome with 3 x 9 LED quantity.

MODEL NO: **P101**: 18 cm dia dome with 9 LED quantity.

Power of 1 LED bulb : 3 W

LED bulb dome unit quantity : 9 Pcs.

LUX per 1 LED dome : 25000 LUX

LED focus : Reflect type lenses

Size of LED field : 18 -28 cm.

Color temperature : 45000k to 50000k

Service life of LED : 50000 hrs.

LED control unit : SMPS

Input power supply voltage range : 90 V – 265 V AC

LED intensity control : Regulate with 100K potentiometer possible

Dome focus : Possible

Rotation : 360 degree, position at any point.

Color coating : Poly urethane coated white

Installation : Ceiling suspended and floor model.
